Kathy and Geoff Adams, of KoolKat Quilting, aim to bring to your club some fun and inexpensive workshop options for 2015. You can choose from half day to full day workshops, and we bring our mini-shop with kits, patterns and fabrics for club members to peruse.

Cost of the workshops is just **\$25 pp for half day and \$35 pp for full day.** (Tools and materials are extra.) This cost is based on a minimum of 10 participants. Kathy only teaches one workshop at a time, but 2 different half day ones could be held over one whole day, or for a weekend, 2 different one day workshops could be held.

**** For clubs that are some distance away we are trying to plan two or more trips where we can visit several clubs along the way. Please indicate a day and date range that might suit your club and we can start planning our itinerary. (By combining these club visits, we hope to cover our travel costs in the workshop fees as listed above, thus making our workshops very economical for your club.)**

NEW this year!

Strip Therapy (Full Day)

This is a very popular stash busting workshop. Based on the work of Rayna Gillman, we learn how to use up fabrics from our stash to make an exciting project. Cushions, or a whole quilt can be completed, working to create large blocks. Simple and easy to do, and great fun!

NEW this year!
Bali Spice (Full day or two days)

This looks complicated but it's so very quick to make using a tubular method. Any Bali Pop or jelly roll will make the quilt, and a border brings it up to a lovely large lap or throw size.

NEW this year!
Slices of Spice (Full day)

Turn any jelly roll or Bali Pop into a gorgeous single bed quilt. Blocks are made very quickly and arranged to make a lovely pattern. Add a border and you're done!

NEW this year!
Chenille Bag (One day)

If you have never tried this fun technique, now is the time! Make a jazzy shoulder bag in a day. Very easy construction technique. Chenille has many other uses, too! A Chenille cutter is required, and we can supply these, as well as inexpensive fabric kits to make it very easy!

Rag Rug making (Half or full day)

This easy method uses a special tool that we provide for just \$5. It is a no-sew method and is quick, and fun. It's not crochet, more like a simple blanket stitch. We use mainly old sheets, or unwanted cotton or poly cotton fabrics. The same method can also be used to make bowls and bags.

Jelly Roll Race (Half day)

Choose any jelly roll, or Bali pop and have a fun day making a super quick quilt. No prize for finishing first, but the great thing is, we will all finish in the half day workshop! We can supply a variety of jelly rolls cut from our own fabric collections.

It's a Wrap! (Half or full day)

Use this simple wrapping technique and cotton clothesline to make a bag, bowl, or placemat - all done by machine. Quick and easy! We bring the rope, and also supplies of attractive fabric, but participants are also welcome to use their own supplies. Books on the technique will also be for sale. You need a machine which will do a zig zag stitch, and jeans needles (strong ones) for your machine.

Bali butterfly (One or two days)

Choose a Bali pop from our range to make this ever popular quilt, designed by Kathy. Black fabric goes with the Bali, or a suitable plain colour. A simple introduction to Bargello technique.

Modern Quilts (One day)

Design your own modern quilt and make it in a day.

You need 1.1 metres each of 4 fabrics to make a modern quilt. We make the entire quilt 72" square, and this quilt can be extended later to make a queen size just by adding a border, if desired. We will bring our range of exciting modern quilt fabrics to choose from at just \$12 per metre or you can bring your own fabrics along.

A generous quilting voucher from KoolKat (included for each participant with each workshop) will ensure these quilts get finished fast!

Dear workshop convenor, please contact us with your preferred dates and any questions you may have about the workshops. We hope to start finalising our calendar before the end of 2014, so to avoid disappointment, please book soon!
